Recommended findings summary

Recommended findings summary

- The strongest evidence points to time spent waiting for Oracle Database responses
- Connection validation is also creating substantial thread churn

Copyright © 2026, Oracle and/or its affiliates | Confidential: Internal | albert.attard@oracle.com

Next steps

Next steps

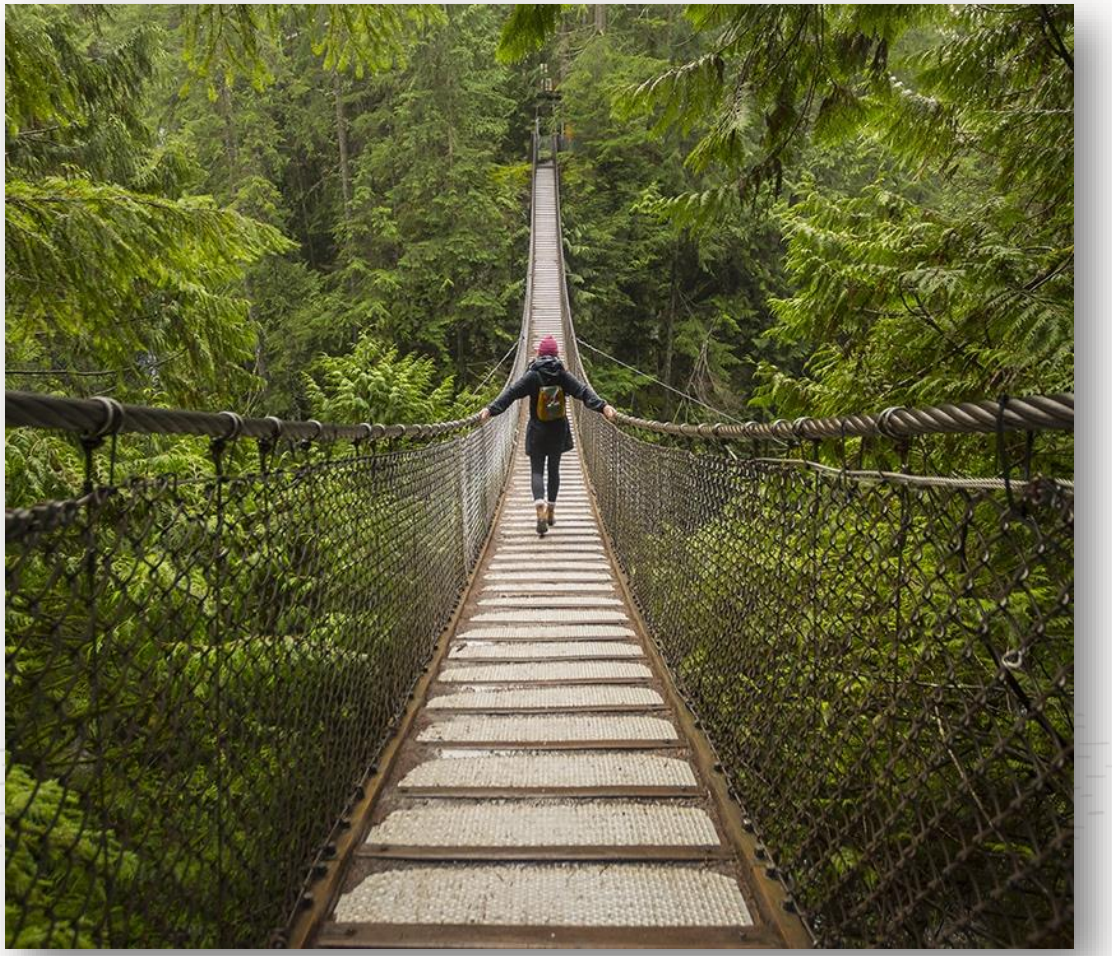

- Identify an application
- Experiment and compare the results

Copyright © 2026, Oracle and/or its affiliates | Confidential: Internal | albert.attard@oracle.com

How can we help

- Ad hoc conversations
- Workshops
- Build PoCs
- Pairing sessions
